

## Dolphin Survey

In what capacity are you using the bay? (sailing, fishing, commercial etc.?)

How often do you spend time on the water in Upper Galveston Bay / Trinity Bay / Houston Ship Channel (North of San Leon)? **(\*Please answer remaining questions in regards to this region of the Bay)**

Do you use the Bay seasonally or year round? If seasonally, what time of year?

What areas of the Bay do you use the most?

How often would you say you see dolphins? (In relation to your time spent on the water; example- 50% of the time)

Have you noticed particular areas that you see dolphins more often than others?

Have you noticed a seasonal trend to when you see dolphins more often?

If you use the Houston Ship Channel... a) what is the farthest into the channel you have seen dolphins?

b) how often would you say you have seen dolphins North of Morgan's Point?

If you are a long time Bay user, have you noticed a change in how many dolphins use this area of the Bay over the long term?

Is there anything else you have noticed or would like to add?

Can we take your contact information in case we have further questions?
